

Our Aims

- We will provide a safe, friendly and healthy environment where children feel valued, respected and happy and have a proactive approach to meeting mental and physical health and well-being needs.
- We will provide inspirational teaching and learning experiences which motivate, engage and challenge all learners, reflecting their interests in an inclusive environment.
- We will support and nurture the whole child, providing them with the necessary skills and knowledge to reach academic excellence and the highest levels of personal, social, spiritual and moral development.
- We aim for all children to leave Rossett Acre as independent, polite, socially adept and inquisitive individuals who are resilient, possess a life-long love of learning and who are prepared for the next stage of their lives.
- We aim to deliver a unique, broad and balanced curriculum that provides children with financial and technological skills and environmental awareness to prepare and support them in our rapidly changing world.
- We stimulate children's curiosity through promoting the arts, immersing them in our language-rich curriculum.
- We work collaboratively in partnership with children, parents and the wider community to create new opportunities, enhance our curriculum and to strive to meet all children's needs effectively.
- Mutual respect is encouraged and modelled through the highest expectations of behaviour using a restorative approach.
- We celebrate everyone's uniqueness, treasuring individuality and diversity in our school and wider community enabling children to make a positive contribution and recognise their place in the world.
- Through our own values, underpinned by British values, we encourage all children to develop as respectful and morally responsible citizens now and in the future with everyone in school following the Golden Rule "Treat others as you would like to be treated".

Rossett Acre Primary School

Curiosity

Inquiry

We encourage children to be investigative in their learning.

Progressive and Cohesive

Children develop their critical, creative and higher-order thinking skills.

Challenge

Resilience

We develop an ethos of resilience and independent learning.

Aspiration

Children and adults strive to do their best in everything they do.

Community

Respect

All children and adults respect each other at all levels.

Partnership

We value our relationships within school, and with the wider community.

We combine high quality teaching with a well-planned curriculum that is alive with challenge and involvement for all. Through our core values of the Curiosity, Challenge and Community, children develop a passion for life-long learning, underpinning our school vision of

Excellence and Happiness for All

Our Vision at Rossett Acre
'Excellence and Happiness for All'

Ethos

At Rossett Acre, children are at the very heart of everything we do. Our welcoming and friendly environment is complemented by high quality teaching and learning experiences, enveloped within an inclusive and meaningful curriculum where each individual child's achievements are valued and celebrated. Our strong sense of community and commitment to nurture enables children to grow and develop to be successful, resilient lifelong learners, well-prepared for life now and in the future.

Our Ethos is driven by the Rossett Acre 3Cs of cultivating **Curiosity**, our unwavering commitment to **Challenge** at all levels and our recognition of the importance of our **Community**.
